WEST VIRGINIA LEADS IN S.S. PROGRESS

More Gains in Five Years Than Pennsylvania Has Had in Fifteen.

MOUNTS-VILLE, W. Va., May 15.—West Virginia has made more progress in "organization" of Sunday schools in the last three or four years than any other state in the union, according to John L. Alexander, superintendent of the Young People's Division of the International Sunday School Association, whose territory includes the 45 states of the union and the various provinces of Canada. West Virginia has made more progress in five years past than Pennsylvania has in the last fifteen years. These statistics made to the Northern Regional Sunday School Association brought forth much enthusiasm. Mr. Alexander also took occasion to praise Walter A. Snow, secretary of the state association, declaring him to be "the best state secretary on the continent." A map showing the organization effected by the State Sunday School Association, which permits the removal of each county to emphasize different conditions of organization, when it was made to show the counties that had paid their full apportionment for the support of the association, let a row of counties through the appearance of a witch. Dr. Alexander pointed on this point and found another in the map, which he declared looked like William J. Bryan. "Clean up the map," he advised.

Plenty of Herring. A Baltimore says that a shoal of herring is sometimes five or six miles long and two or three miles broad.

Naturally. If time is money, the man who has not a moment to call his own must be very poor.

Thrift is a vital part of the present scheme of things. Paint preserves—perhaps you have not painted because of the supposed high cost of a paint of quality. You need hesitate no longer.

On our birthday, Friday, May 21st, FOR ONE DAY ONLY, we offer you Johnston's Thrift Paint at a price saving you from \$15 to \$20 for material to paint the house.

Johnston's Thrift Paint

is the most practical and durable paint offered to the home owner of today. Made according to the old Master Painter's formula, of Lead and Zinc, the necessary colors to produce the different shades, plus a sufficient quantity of inert ingredients—combined with pure linseed oil and dryers to insure long wearing, satisfying results.

Any other high grade paint on the market will cost you more at all times. ON THIS DAY ONLY, we will sell you THRIFT PAINT (which wears from two to three years longer than the average) AT A PRICE WHICH WILL SAVE YOU FROM \$1.50 to \$2.00 THE GALLON. And—THRIFT PAINT is FAMOUS for DURABILITY.

Bring the measurements of your house—we will tell you the quantity required and the cost. Deposit one-fourth of the cost and the material will be held for you—subject to your orders until July first. You cannot make money any easier. You will buy paint—the Quality Paint—at the price of four years ago—\$3.68 the gallon—material backed by the Manufacturer's guarantee.
